

# Breckinridge County High School

News - November 22, 2020

Good Sunday evening Tiger Nation!!! I hope this message finds everyone having a wonderful weekend and staying healthy. We had another great week at BCHS prior to the news from Governor Beshear. As many already know, Governor Andy Beshear announced on Wednesday last week that all in-person instruction in Kentucky would cease until January 4, 2021. The news was welcomed with sadness and disappointment from me because I felt we were doing an extremely great job at the high school and starting to get the hang of this new norm. Although disappointed, I do understand the mandate and know that the rising numbers need to get back under control for us to get back in the halls of BCHS.

So, let's work on this together and get this under control! Wear your mask, social distance, and stay healthy! Please enjoy this week's message from BCHS!!!

BCHS will be in school this week Monday and Tuesday with all students receiving instruction remotely in their Google Classrooms. There will not be any school Wednesday, Thursday, and Friday this week as we celebrate Thanksgiving. Students will not have any assignments assigned to them during those three days.

## **BCHS School Schedule: Week of November 23**

Please continue to discuss grades with your students. As I mentioned earlier, this in-person/remote learning hybrid approach to education is challenging. BCHS students will have something for each class everyday of the week we are in session. This does not necessarily mean there will be an actual assignment to turn in, but there will be something for them to do each day. Please encourage your student(s) to take care of business while at home on remote. It is also important to know that we are available everyday to help if needed. You can reach us at 270-756-3080 or you can find your teacher's email at the link below.

## **BCHS Staff Email List**

It will especially important to stay on top of your grades during the remote learning over the next four weeks. Please stay in touch with our teachers and also please encourage your student to check their school email frequently. We will be able to have some small group instruction over the last three weeks of the grading period. We will be making arrangements to reach those students on Monday and Tuesday.

Along with the message Governor Beshear made last week, the Kentucky High School Athletic Association also announced that the start of the 2020-2021 basketball season and winter sports would be pushed back to January 4, 2021. Practice for our winter sports teams has also be postponed until December 14th in accordance to recommendations made by the KHSAA.

Please enjoy this week and Thanksgiving. Be mindful of what you are thankful for. As tough as 2020 has been on me, I am still able to find many things to be thankful for. Focus on those you are thankful for this week and put the hardships and disappointments to the side.

Have a wonderful week and Go Tigers!!!
